

Copying our music to your choir: Where can I find the licence?

For Downloads, we will send it in an email after your purchase. (Usually well within 48 hours) It will be in PDF format attached to the email. Please ensure that you set your email spam controls to allow emails from this domain noteperfect.net. (noteperfect.net is the domain that we formally operated, but still contains much of our business information). The title of the email will be Note Perfect Choral Music Training

For CDs. We will place a licence for permission to copy the CD inside the coversheet inside each jewel case. You should look after this because if you copy a CD you will need it.

Individuals who purchase Soloist and Accompaniment Downloads generally do not need to copy their purchase to others. For this reason we will generally not issue a licence to copy. However we will happily do so without charge on application, provided it is with the singers own singing organisation. Please provide your Note Perfect Order Number as proof of purchase.

A licence will be provided automatically for soloist items with combined purchases that include items for choirs.
