

Copying our music to your choir: What must I do when I copy music from Note Perfect?

Because we allow you to copy our work, those to whom you copy must also know and agree to the rules.

If you copy a CD under the licence terms, you must provide a legible photocopy or scanned print of the licence with every copy of the CD, Tape or Memory Stick that you produce.

The recipients need to know that as owner of the original CD or Downloads only you have the right to copy and not any of the recipients.
