

Downloads: How quickly can I get to my downloads after purchase?

As soon as you have paid for your download, you should be able to access them and download them to your computer.

The only exception to this is if you have purchased using the PayPal eCheque (eCheck) system. PayPal should notify you and us when your eCheque has cleared, after which you will be able to access your downloads. Wherever possible we advise avoiding using the eCheque system, we have experienced delays of up to 12 days, which gets rather annoying for our clients.
